

Dr. J. Ganesan, IAS

D.O. No. 24/4-2020 ACDU)

Spl. Secretary to Government, Haryana &
Director Secondary Education Haryana

Dated 15.09.2020

Subject:- Affiliation of Government Model Sanskriti Senior Secondary Schools with CBSE.

Dear Mukul,

The School Education Department has embarked upon an ambitious project of establishing 'Government Model Sanskriti Senior Secondary Schools' in each of the 119 education blocks across the state of Haryana. A total of 113 new Government Model Sanskriti Senior Secondary Schools will be set up in addition to the already existing 23 schools (list attached).

These schools are being developed with an objective of improving the overall quality of education and to provide facilities at par with the private schools. Apart from other things, these schools will be affiliated with the Central Board of School Education (CBSE). The District Education Officers (DEOs) have been directed to fill the "online registration form" for affiliation with CBSE, so that admission of students could commence at the earliest. However, there are certain pre-requisites which have to be fulfilled by the school while submitting the form viz.: Structure Safety Certificate (PWD (B&R), Fire Safety Certificate (Fire Department), Certificate on Health and Sanitary Conditions (Health Department) and Certificate on Safe Drinking Water (Public Health Department).

It is requested that you may ensure that such certificates from these departments are issued at the earliest. The DEO's will contact you in this regard. You may feel free to write to me or call me in case of any clarification.

With best wishes,

Encl.: As above

(Dr. J. Ganesan)
